Reg. No. 29,001

Sir:

## REQUEST FOR RECONSIDERATION

This paper is being filed in response to the Office Action mailed September 30, 1999.

Reconsideration and reexamination are respectfully requested in light of the amendments and remarks below.

## REMARKS

In the Office Action, the Examiner stated a requirement that applicants file a supplemental oath or declaration “to correct the deficiencies and/or inaccuracies (i.e., the addition of co-inventor Luan Tran) in the earlier filed declaration.” Applicants respectfully disagree that a new declaration is required. MPEP §602.05(a) provides, in pertinent part:

### Oath or Declaration in Continuation and Divisional Applications

A continuation or divisional application filed under 37 CFR 1.53(b) (other than a continuation-in-part (CIP)) may be filed with a copy of the oath or declaration from the prior nonprovisional application. See 37 CFR 1.63(d)(1)(iv).

A copy of an oath or declaration from a prior application may be submitted with a continuation or divisional application even if the oath or declaration identifies the application number of the prior application.
